

++++

What is special education?
=====
A specialized program for academically gifted students
=====
Supplementary tutoring for struggling students
=====
An approach that focuses on inclusive classrooms for students with disabilities
=====

++++

When did technology first start making an impact on American education?
=====
1950s
=====
1970s
=====
1990s
=====
2000s

++++

What is the main advantage of technology in education?
=====
Improved student engagement
=====
Cost savings for schools
=====
Elimination of traditional teaching methods
=====
Decreased need for teachers

++++

How has technology changed the role of teachers in the classroom?
=====
Teachers are no longer necessary
=====
Teachers have become facilitators of learning
=====
Teachers are now responsible for IT support
=====
Technology has had no impact on teachers' roles

++++

Which of the following is an example of educational technology?
=====
Smartphones
=====
Whiteboards
=====

Pencils and paper
=====
Traditional textbooks

++++

How has technology impacted student learning outcomes?
=====
It has improved academic performance
=====
It has made no difference in student achievement
=====
It has decreased overall student performance
=====
It has only benefited certain types of learners

++++

What are some potential drawbacks of technology in education?
=====
Increased screen time for students
=====
Limited access to technology for all students
=====
Over-reliance on technology as a teaching tool
=====
All of the above

++++

How has technology changed the way students access information?
=====
Students now have access to unlimited information online
=====
Students must rely solely on textbooks for information
=====
Students can only access information through their teachers
=====
Technology has had no impact on how students access information

++++

What is the term used to describe the unequal access to technology in American education?
=====
Digital divide
=====
Technological inequality
=====
Educational disparity
=====
Technological gap

++++

How has technology impacted the development of digital literacy skills?
=====
It has improved digital literacy skills among students

=====
It has made no difference in the development of digital literacy skills
=====
It has decreased students' ability to navigate digital platforms
=====
It has only benefited students who were already digitally literate

+++++

What are some future trends in technology and American education?
=====
Increased use of virtual reality in classrooms
=====
Integration of artificial intelligence into teaching methods
=====
Expansion of online learning opportunities
=====
All of the above

+++++

It comes from the Greek word "techne" which means an art or craft ?
=====
Technique
=====
Technology
=====
Technician
=====
Telepath

+++++

The use of technology to enhance learning process is called in education?
=====
IT
=====
ICT
=====
Information technology
=====
Communication technology

+++++

Educational Technology course has truly paved the way for learner to become?
=====
aware, appreciative, equipped
=====
honest, wise, aware
=====
effective, honest, wise
=====
creative, wise, honest

+++++

What is the main objective in Educational Technology?
--

=====
Orient
=====
Facilitate
=====
Integrate
=====
Evaluate

++++

How educational technology is integrated in the teaching learning process?
=====
Playing computer games
=====
Playing computer games
=====
Ignore it
=====
Introduce, reinforce, supplement and extend skills

++++

In educational technology, teacher should have to?
=====
Acquire not only computer literacy, but competence as well
=====
Competence only
=====
Acquire computer literacy only
=====
None of the above

++++

Where does the word technology comes from?
=====
Technique
=====
Techno
=====
Techne
=====
Tech

++++

Which of the following statements does NOT describe educational technology?
=====
It is a profession composed of various job categories.
=====
It refers to the efficiency of teachers in using computers.
=====
It includes audiovisual materials, interactive multimedia, and self-instructional materials.
=====
It is the development, application, and evaluation of systems, techniques, and aids to improve human learning.

++++

It refers to how people use their inventions and discoveries to satisfy their educational needs and desires, i. e. Learning.
=====
Educational Technology
=====
Facilitating Learning
=====
Instructional Technology
=====
Cooperative Learning

++++

It is a field of study which is concerned with the practice of using educational methods and resources for the ultimate goal of facilitating the learning process.
=====
Technology
=====
Technology of Education
=====
Education and Technology
=====
Educational Technology

++++

Teaching is?
=====
Art
=====
Science
=====
Both art and science
=====
Philosophy

++++

Which of the following is the best method of teaching?
=====
Lecture
=====
Discussion
=====
Demonstration
=====
Narration

++++

Who is known as father of modern media education?
=====
Edger Dale
=====
Flanders

=====
Erikson
=====
None

++++

Which of the following is NOT a common source of financing for American higher education?
=====
Student loans
=====
Grants and scholarships
=====
Personal savings
=====
Corporate sponsorships

++++

Which federal loan program allows students to borrow directly from the U.S. Department of Education?
=====
Federal Perkins Loan
=====
Federal Stafford Loan
=====
Direct Loan Program
=====
Federal PLUS Loan

++++

Which of the following terms refers to the total cost of attending college, including tuition, fees, books, and living expenses?
=====
Cost of attendance
=====
Sticker price
=====
Net price
=====
Expected family contribution

++++

Which entity is responsible for determining a student's eligibility for financial aid?
=====
U.S. Department of Education
=====
Free Application for Federal Student Aid (FAFSA)
=====
College admissions office
=====
Student's high school counselor

++++

Which of the following is a tax benefit available to individuals who are paying for higher education expenses?
=====
Pell Grant
=====
Federal Work-Study Program
=====
American Opportunity Credit
=====
PLUS Loan

++++

What is the typical repayment period for federal student loans after graduation?
=====
5 years
=====
10 years
=====
15 years
=====
20 years

++++

The American education general education is divided into two levels:What are they?
=====
Primary and secondary
=====
Elementary and secondary
=====
Primary and elementary
=====
High and elementary

++++

What is the function of the Republican Party in the United States?
=====
Support young preschoolers
=====
Support spending on education in the poor American states.
=====
It supports the ideas of privatization in education as an input to rationalize spending on it.
=====
all answers are right

++++

The largest source of funding for elementary and secondary education comes from....
=====
local people
=====
local schools
=====
The Republican Party
=====

state government aid, followed by local contributions

++++

How many percent The Federal Government contributes to funding USA public schools?

=====

6

=====

7

=====

8

=====

9

++++

According to the National Conference of State Legislatures, States provide structure, equality, fiscal accountability,..... to the public education systems per states

=====

food and modern technology

=====

stability and support

=====

inequality

=====

adequacy and stability

++++

Why Utah the state of USA has the lowest state funding?
--

=====

due to their demographics

=====

due to cost of living

=====

due to class sizes

=====

due to teachers salaries

++++

How many state in the USA send more school funding to their wealthiest districts?
--

=====

twenty four

=====

twenty three

=====

twenty five

=====

twenty six

++++

Which educational institutions are one of the important links in the American education system?
--

=====

higher education institutions

=====

schools
=====
kindergartens
=====
no right answer

++++

What is the largest source of funding for primary and secondary education in the United States?
=====
taxes
=====
local contributions
=====
government assistance
=====
charities

++++

What types of funding exist at American universities?
=====
merit-based scholarship
=====
financial aid
=====
right answer a and b
=====
scholarship from charity

++++

What expenses does financial aid cover?
=====
living expenses
=====
food expenses
=====
all answers are correct
=====
expenses for purchasing textbooks

++++

Which students can receive merit- based scholarship?
=====
foreign students
=====
students without a place to live
=====
students with outstanding academic merit
=====
no right answer

++++

Highest GPA in the USA
=====
6
=====
5
=====
4
=====
3

++++

What exams are also taken to receive a merit based scholarship?
=====
TOEFL
=====
IELTS
=====
SAT
=====
PTE

++++

How can parents be involved in their child's special education?
=====
By attending IEP meetings and providing input on their child's goals and accommodations
=====
By advocating for their child's needs and rights within the education system
=====
All of the above
=====
By collaborating with teachers and school staff to ensure their child receives appropriate support

++++

What are some common misconceptions about special education and inclusion?
=====
Inclusion lowers academic standards for all students
=====
Students with disabilities will not receive proper support in inclusive classrooms
=====
All of the above
=====
Inclusion is only necessary for students with severe disabilities

++++

What is the primary purpose of special education in the United States?
=====
To identify students who need additional help in standard education classes.
=====
To segregate students with disabilities from the general population.
=====
To provide students with disabilities the same educational opportunities as their peers
=====
To reinforce stereotypes about people with disabilities

++++

Which of the following is NOT a disability category covered by the Individuals with Disabilities Education Act (IDEA)?
=====
Emotional disturbance
=====
Hearing impairment
=====
Pregnancy
=====
Vision impairment

++++

What is the Individuals with Disabilities Education Act (IDEA)?
=====
A law that mandates children with disabilities to be taught in separate classrooms from their peers
=====
A law that discourages the employment of teachers with disabilities
=====
A law that ensures children with disabilities have access to a free appropriate public education.
=====
A law that prohibits schools from providing special education services to students with disabilities.

++++

Who is eligible for special education services under the Individuals with Disabilities Education Act (IDEA)?
=====
Only children who have a disability and are at least 21 years old
=====
Only children who have a disability and are at least 5 years old
=====
Only children who have a disability and are at least 3 years old
=====
Only children who have a disability and are at least 25 years old

++++

What is the most common category of disability among students receiving special education services in the United States?
=====
Emotional disturbance
=====
Hearing impairment
=====
Autism spectrum disorder
=====
Visual impairment

++++

What is the primary purpose of Special Education in America?
=====
To ensure all students are taught in the same classrooms
=====

To reduce the number of special education students
=====
To identify and provide services for children with disabilities
=====
To segregate students with disabilities from their peers

++++

Which of the following is NOT a category of disabilities that qualifies for special education services under the Individuals with Disabilities Education Act (IDEA)?
=====
Autism
=====
Vision impairment
=====
Obesity
=====
Hearing impairment

++++

What is the process referred to when a student with a disability is evaluated to determine their eligibility for special education services?
=====
Accommodation
=====
Remediation
=====
Assessment
=====
Rehabilitation

++++

Which of the following is a key component of an Individualized Education Program (IEP)?
=====
A list of goals and objectives for the student
=====
A timeline for when the goals will be met
=====
All of the above
=====
A plan for how the student will be taught

++++

What is the primary difference between regular education and special education in the United States?
=====
Regular education is for students with disabilities, while special education is for students without disabilities
=====
Regular education and special education are the same, but with different names
=====
Regular education is for all students, while special education is for a select group of students with disabilities
=====
There is no difference; the terms are used interchangeably

++++

Which of the following is a common accommodation provided to students with disabilities in regular classrooms?
=====
A separate classroom
=====
A modified curriculum
=====
Extra time on tests
=====
A personal aide to assist the student

++++

What is the role of the Individualized Education Program (IEP) team in a student's education?
=====
To determine which students are eligible for special education services
=====
To decide how much funding is allocated for special education
=====
To develop and implement a plan for the student's education
=====
To decide which special education services are available to students

++++

Which of the following is a major challenge faced by many schools when implementing special education services?
=====
Providing adequate resources and funding for special education
=====
Ensuring that all students, including those with disabilities, have equal access to education
=====
Finding qualified teachers for special education
=====
All of the above

++++

What are the four topics covered in the NES Special Education test?
=====
Students with Disabilities
=====
Assessment and Program Planning
=====
Foundations and Professional Practice
=====
Learning Environments and Instructional Practices

++++

How many multiple-choice questions are on the NES Special Education exam?
=====
200
=====
1000

=====
100
=====
5000

++++

Which domain of the OAE Special Education exam covers strategies for planning, managing, and modifying the learning environment for students with disabilities?
=====
Students with Disabilities
=====
Assessment and Program Planning
=====
Learning Environments and Instructional Practice
=====
Foundations and Professional Practice

++++

What is the passing score for the NES Special Education exam?
=====
180
=====
200
=====
220
=====
240

++++

Which domain of the OAE Special Education exam covers the historical and philosophical foundations of special education?
=====
Students with Disabilities
=====
Assessment and Program Planning
=====
Foundations and Professional Practice
=====
Learning Environments and Instructional Practice

++++

"Specially designed instruction, provided at no cost to the parents, to meet the unique needs of a child with a disability, including adapting content, teaching methodology and delivery instruction to meet the appropriate needs of each child. This is the definition for?
=====
Inclusive Education
=====
Multicultural Education
=====
Special Education
=====
Biligual Education

++++

In the history of special education, the which statement correctly shows the procession of inclusion?
=====
non-attendance, special schools, inclusion
=====
special schools, non-attendance, institutions, comprehensive schools
=====
non-attendance, special schools, institutions, comprehensive school, inclusion
=====
special education students always had the right to attend schools with their non-disabled peers

++++

The first step in conducting an assessment if an 8th-grade student who has a specific learning disability and attention deficit hyperactivity disorder ADHD begins demonstrating disruptive behavior, despite intervention, is to:
=====
Observe student's behavior
=====
Identify behavior monitoring strategies
=====
Define behavior in measurable terms
=====
Develop a behavior support plan

++++

The strategy that the SPED teacher implement FIRST to prevent the student from experiencing unnecessary anxiety.
=====
Reviewing the school code of conduct with the student
=====
Requesting parents to review his/her daily schedule
=====
Establishing a routine for the student
=====
Providing a quiet area in school where the student can calm down

++++

A student with special needs often disturbs the peace by engaging in behaviors such as tapping his pencil loudly on his desk, humming, or stomping his feet on the floor. Which of the following strategies should the teacher use next to increase the student's self-management skills during quiet working times?
=====
Creating a behavior chart
=====
Developing a visual cue to help increase his awareness of distracting behaviors
=====
Having student work in a separate area
=====
Meeting the student every morning to review his behavior

++++

A Special Education Teacher who works in a self-contained classroom discovered that the primary leisure activities of most students involve watching TV, and playing video games -the teacher would

like to increase the student's participation in different types of activities. Which of the following strategies would best meet her goals?
=====
Having students conduct a survey to determine the types of leisure activities within the same-age peers
=====
Inviting guest speakers from various school clubs and extracurricular activity groups to present information to students
=====
Integrating time into the weekly schedule consistently for students to participate in various types of leisure activities
=====
Assigning students to research various types of leisure activities

+++++

What is the primary goal of early childhood education in the U.S.?
=====
Preparing children for the workforce
=====
Developing academic skills
=====
#Promoting social and emotional development
=====
Fostering independence

+++++

What age group typically falls under the scope of early childhood education?
=====
6-12 years
=====
13-18 years
=====
#3-5 years
=====
0-2 years

+++++

Which federal program provides funding for early childhood education in the U.S.?
=====
No federal program exists
=====
Medicaid
=====
#Head Start
=====

Social Security

++++

What is the term for early childhood education programs that are not government-funded?

=====

Public schools

=====

Charter schools

=====

#Private schools

=====

Magnet schools

++++

What is the role of parents in early childhood education?

=====

Solely providing financial support

=====

Leaving all decisions to the educators

=====

#Collaborating with educators and caregivers

=====

Not involved in the education process

++++

Which of the following is an example of a play-based learning activity in early childhood education?

=====

Memorizing multiplication tables

=====

Writing essays

=====

#Building with blocks

=====

Solving algebra problems

++++

How does early childhood education impact a child's cognitive development?

=====

It has no impact on cognitive development

=====

It solely focuses on physical development
=====
#. It enhances problem-solving and critical thinking skills
=====
It increases aggression in children

+++++

In the U.S., what is the primary reason for the expansion of early childhood education programs?
=====
To reduce the cost of education for parents
=====
To prepare children for future careers
=====
#To improve school readiness and close achievement gaps
=====
To decrease teacher salaries

+++++

What is the name of the landmark study that highlighted the long-term benefits of high-quality early childhood education?
=====
No Child Left Behind
=====
Brown v. Board of Education
=====
#The Perry Preschool Study
=====
The SAT Exam

+++++

What is the main goal of the Head Start program in the U.S.?
=====
Providing health insurance to children
=====
Reducing the federal budget deficit
=====
#Promoting social and emotional development
=====
Preparing children for college

++++

Which type of early childhood education program typically receives the most government funding?
=====
Private daycare centers
=====
Home-based childcare
=====
#Public preschool programs
=====
Online education platforms

++++

What is a common challenge in early childhood education that may affect children's development?
=====
Lack of standardized testing
=====
High teacher-to-student ratio
=====
#Overemphasis on academic achievement
=====
Limited access to technology

++++

What is the primary role of early childhood educators in the U.S.?
=====
Preparing children for standardized testing
=====
Focusing solely on academic instruction
=====
#Providing a safe and nurturing environment for learning
=====
Enforcing strict discipline

++++

Which of the following factors can impact the quality of early childhood education?
=====
All programs being identical
=====
Lack of parent involvement
=====
High teacher turnover

=====
Minimal curriculum diversity

+++++

How does early childhood education contribute to social development?
=====
By promoting isolation and individuality
=====
By focusing exclusively on academics
=====
By fostering collaboration and social skills
=====
By discouraging group activities

+++++

What is the primary source of funding for early childhood education programs at the state level?
=====
Federal government
=====
Private donations
=====
Local property taxes
=====
Student tuition fees

+++++

How can early childhood education help address achievement gaps in the U.S.?
=====
By ignoring the concept of achievement gaps
=====
By providing equal resources to all schools
=====
#By offering targeted support to disadvantaged children
=====
By increasing standardized testing requirements

+++++

What is the main difference between a Montessori and a traditional preschool program?
=====
Montessori focuses exclusively on academics

=====
Traditional programs are less expensive
=====
#Montessori uses a child-centered, hands-on approach
=====
Traditional programs have shorter school days

+++++

How does early childhood education impact a child's language development?
=====
It has no effect on language skills
=====
It encourages silent activities
=====
It enhances vocabulary and communication skills
=====
It primarily focuses on mathematical skills

+++++

What is the role of assessment in early childhood education?
=====
To label children with developmental delays
=====
To assign grades and rankings
=====
#To track children's progress and inform instruction
=====
To pressure children to achieve high test scores

+++++

Which federal law has had a significant impact on early childhood education for children with disabilities in the U.S.?
=====
No federal law addresses this issue
=====
Affordable Care Act
=====
#Individuals with Disabilities Education Act (IDEA)
=====
Race to the Top

++++

What is the primary focus of early childhood education curriculum in the U.S.?
=====
Memorization of facts and figures
=====
Promoting competition among children
=====
#Holistic child development
=====
Teaching only basic life skills

++++

What is the purpose of early childhood education research in the U.S.?
=====
To support the interests of politicians
=====
To validate preconceived notions about education
=====
#To inform and improve educational practices
=====
To promote a one-size-fits-all approach

++++

What is the impact of high-quality early childhood education on future academic success?
=====
No impact on future success
=====
It guarantees success without effort
=====
#It improves academic readiness and achievement
=====
It only benefits children from wealthy families

++++

Which of the following is an example of a positive outcome of early childhood education in the U.S.?
=====
Widening achievement gaps
=====
Decreased teacher salaries
=====
Improved school readiness and success

=====
Reduced access to education for low-income families

++++

What is the purpose of screening assessments in early childhood education?
=====
To assign grades to young children
=====
To prepare children for standardized tests
=====
#To identify children with special needs
=====
To discourage participation in early education

++++

How does early childhood education support working parents in the U.S.?
=====
By offering extended summer vacations
=====
By providing free childcare services
=====
#By offering after-school programs
=====
By creating a structured daily routine for children

++++

What is the significance of parental involvement in early childhood education?
=====
It is irrelevant to a child's development
=====
It can be detrimental to a child's development
=====
#It enhances communication and a child's success in school
=====
It only benefits teachers, not children

++++

How does early childhood education contribute to emotional development?
=====
By isolating children from social interactions
=====

By promoting aggression and competition
=====
#By providing a supportive and nurturing environment
=====
By focusing solely on academic achievement

++++

Which factor is most important for the success of early childhood education programs in the U.S.?
=====
High teacher salaries
=====
Ample standardized testing
=====
A developmentally appropriate curriculum
=====
Minimal parental involvement

++++

What is the role of the federal government in regulating early childhood education programs in the U.S.?
=====
The federal government sets curriculum standards
=====
The federal government has no involvement in early education
=====
The federal government provides funding and guidelines
=====
The federal government manages all preschools directly

++++

Which type of early childhood program focuses on play and socialization in a home-like setting?
=====
Traditional public preschool
=====
Online education platform
=====
#Montessori program
=====
Charter school

++++

What is the primary focus of early childhood education assessment in the U.S.?
=====
Labeling children as failures
=====
Assigning competitive grades to young children
=====
#Identifying areas of growth and development
=====
Ignoring assessment altogether

++++

What is the impact of high-quality early childhood education on crime rates in the U.S.?
=====
It has no impact on crime rates
=====
It increases crime rates
=====
#It decreases crime rates in the long term
=====
It only impacts white-collar crime

++++

How does early childhood education contribute to physical development?
=====
By promoting a sedentary lifestyle
=====
By offering structured physical education classes
=====
#By providing opportunities for gross and fine motor skills development
=====
By emphasizing academic skills over physical activity

++++

Which government agency is responsible for overseeing the Head Start program?
=====
Department of Defense
=====
Department of Agriculture
=====
#Department of Education
=====

++++

What is the primary purpose of early childhood education for children with special needs in the U.S.?
=====
To segregate them from other children
=====
To label them as incapable of learning
=====
To provide appropriate support and inclusion
=====
To prevent their participation in education

++++

What is the primary role of teachers in the Head Start program?
=====
To promote unhealthy eating habits
=====
To encourage isolation and competition
=====
#To provide social and emotional support
=====
To prepare children for standardized testing

++++

How do early childhood education programs adapt to the diverse needs of students in the U.S.?
=====
By implementing a one-size-fits-all approach
=====
By offering specialized programs for every child
=====
#By providing individualized support and accommodations
=====
By excluding children with diverse needs

++++

What is the primary goal of early childhood education in the U.S. for the future?
=====
To focus exclusively on academic achievement
=====
To maintain the status quo

=====
#To expand access and improve quality for all children
=====
To limit early education to affluent families

++++

What is the typical age range for students in American secondary education?
=====
5-12
=====
19-24
=====
13-18
=====
25-30

++++

Which level of government primarily controls and funds secondary education in the United States?
=====
Federal
=====
Local
=====
State
=====
Private

++++

Which of the following is not a common type of secondary school in the United States?
=====
Public high school
=====
Charter school
=====
Private college
=====
Magnet school

++++

What is a key aspect of the structure of American secondary education?
=====
Standardized curriculum nationwide
=====
Uniform grading systems
=====
Local control over curriculum
=====
A single national textbook for all subjects

++++

Which of the following is a challenge often faced in American secondary education?
=====

Abundant educational resources
=====
Universal access to technology
=====
Overcrowded classrooms
=====
Standardized student performance

++++

The No Child Left Behind Act of 2001 focused on improving which aspect of American secondary education?
=====
Teacher salaries
=====
Student nutrition
=====
Standardized testing and accountability
=====
Art and music programs

++++

What is a typical grade range for American middle schools?
=====
9-12
=====
1-5
=====
6-8
=====
K-5

++++

Which of the following is a significant challenge in American secondary education, particularly in low-income areas?
=====
Lack of extracurricular activities
=====
Abundance of highly qualified teachers
=====
Insufficient funding and resources
=====
Limited standardized testing

++++

What is the purpose of vocational and career and technical education programs in American secondary schools?
=====
Preparing students for college only
=====
Focusing on liberal arts education
=====
Preparing students for careers and technical jobs
=====

Promoting art and music education

++++

Which branch of government plays a role in shaping educational policy at the federal level?

=====

The Judicial Branch

=====

The Executive Branch

=====

The Legislative Branch

=====

The State Governors

++++

What is a common challenge in the implementation of standardized testing in American secondary education?

=====

Lack of test security

=====

Overemphasis on creativity

=====

Insufficient test preparation time

=====

Uniform scoring criteria

++++

In the context of American secondary education, what does the term “school choice” refer to?
--

=====

A lack of educational options for students
--

=====

The ability of students to choose their teachers
--

=====

The ability of parents and students to choose among different types of schools
--

=====

Compulsory education laws

++++

What is the primary source of funding for public secondary schools in the United States?
--

=====

Tuition paid by students

=====

Federal government grants

=====

State and local taxes

=====

Private donations

++++

Which federal law mandates that students with disabilities receive a free and appropriate public education (FAPE)?
--

=====

No Child Left Behind Act

=====

Elementary and Secondary Education Act
=====
Individuals with Disabilities Education Act (IDEA)
=====
Every Student Succeeds Act (ESSA)

++++

Which organization sets standards for curriculum in American secondary schools?
=====
The American Federation of Teachers (AFT)
=====
The National Parent Teacher Association (PTA)
=====
The U.S. Department of Education
=====
State and local school boards

++++

What is a common challenge in American secondary education related to teacher quality?
=====
High teacher salaries
=====
Uniform teacher certification standards
=====
Teacher shortages
=====
Low student expectations

++++

Which of the following subjects is not typically included in the core curriculum of American secondary education?
=====
English
=====
Mathematics
=====
Theology
=====
Science

++++

In American secondary education, what does the term “tracking” refer to?
=====
Monitoring student behavior
=====
Implementing teacher evaluations
=====
Separating students based on academic abilities
=====
Encouraging extracurricular activities

++++

What is a common challenge associated with school funding in America?

=====
Equal funding for all schools
=====
Federal control over funding
=====
Funding disparities between affluent and low-income districts
=====
Abundance of private donations

++++

Which demographic group is often disproportionately affected by achievement gaps in American secondary education?
=====
White students
=====
Asian American students
=====
African American students
=====
Hispanic students

++++

What is a common challenge associated with standardized testing in American secondary education?
=====
Lack of data for evaluation
=====
Consistency in test administration
=====
Overemphasis on creativity
=====
Shortage of standardized tests

++++

Which federal law shifted more control of education policy to the states and away from the federal government?
=====
No Child Left Behind Act
=====
Race to the Top Initiative
=====
Every Student Succeeds Act (ESSA)
=====
Individuals with Disabilities Education Act (IDEA)

++++

What is the purpose of Advanced Placement (AP) courses in American secondary education?
=====
To provide additional recess time
=====
To reduce teacher workload
=====
To offer college-level coursework to high school students
=====

To promote physical education

++++

What is the main goal of the Common Core State Standards Initiative?
=====
To establish a national curriculum
=====
To reduce standardized testing
=====
To set consistent educational standards across states
=====
To provide additional funding for schools

++++

What is a common challenge related to school safety in American secondary education?
=====
High levels of security personnel
=====
Lack of technological surveillance
=====
Insufficient emergency drills
=====
Overemphasis on school uniforms

++++

What is a typical age for students in American primary education?
=====
13-18
=====
19-24
=====
6-12
=====
25-30

++++

Which federal law focuses on the education of homeless students in the United States?
=====
No Child Left Behind Act
=====
Individuals with Disabilities Education Act (IDEA)
=====
McKinney-Vento Homeless Assistance Act
=====
Elementary and Secondary Education Act

++++

What is a key component of American secondary education curriculum development?
=====
State-level control only
=====
Local control only
=====

Collaboration between state, local, and federal entities
=====
Federal control only

++++

What term describes the practice of removing students from regular classrooms for part or all of their instructional time to provide specialized instruction?
=====
Inclusion
=====
Segregation
=====
Mainstreaming
=====
Specialization

++++

In the context of American secondary education, what does the term “school voucher” refer to?
=====
A coupon for free school lunches
=====
A form of financial aid for college
=====
A subsidy that allows parents to choose private schools
=====
A government-sponsored art program

Which of the following is a challenge related to educational equity in the United States?
=====
Uniform funding for all schools
=====
Lack of diversity in schools
=====
Equal access to resources and opportunities for all students
=====
Overemphasis on standardized testing

++++

What is a common challenge in American secondary education related to technology integration?
=====
Abundant access to technology
=====
Limited use of digital resources
=====
Insufficient teacher training
=====
Uniform technology standards

++++

Which branch of government is responsible for enforcing federal education laws and regulations?
=====
The Legislative Branch
=====

The Judicial Branch
=====
The Executive Branch
=====
The State Governors

++++

In the context of American secondary education, what is the primary role of local school boards?
=====
Developing national curriculum standards
=====
Managing federal education funding
=====
Making decisions about local schools, policies, and budgets
=====
Conducting standardized testing

++++

What is the purpose of extracurricular activities in American secondary schools?
=====
To keep students occupied after school
=====
To reduce teacher workload
=====
To offer opportunities for personal growth and skill development
=====
To provide additional recess time

++++

What is a common challenge in American secondary education related to student mental health?
=====
Universal access to counseling services
=====
Excessive focus on students' emotional well-being
=====
Lack of resources for mental health support
=====
Standardized mental health testing

++++

Which demographic group is often underrepresented in STEM (Science, Technology, Engineering, and Mathematics) fields in American secondary education?
=====
White students
=====
African American students
=====
Hispanic students
=====
Asian American students

++++

What is a common challenge related to teacher retention in American secondary education?
--

=====
High teacher salaries
=====
A surplus of qualified teachers
=====
Teacher burnout and turnover
=====
Uniform teacher evaluation criteria

++++

What is a common challenge in American secondary education related to language diversity?
=====
Lack of foreign language instruction
=====
Universal bilingual education
=====
Limited English proficiency (LEP) students
=====
Uniform language policy

++++

What is the primary purpose of standardized testing in American secondary education?
=====
To rank students based on their performance
=====
To evaluate teachers' performance
=====
To provide data for school improvement and accountability
=====
To reduce teacher workload

++++

What is the primary goal of early childhood education in the U.S.?
=====
Preparing children for the workforce
=====
Developing academic skills
=====
Promoting social and emotional development
=====
Fostering independence

++++

What age group typically falls under the scope of early childhood education?
=====
6-12 years
=====
13-18 years
=====
3-5 years
=====
0-2 years

++++

Which federal program provides funding for early childhood education in the U.S.?
=====
No federal program exists
=====
Medicaid
=====
Head Start
=====
Social Security

++++

What is the term for early childhood education programs that are not government-funded?
=====
Public schools
=====
Charter schools
=====
Private schools
=====
Magnet schools

++++

What is the role of parents in early childhood education?
=====
Solely providing financial support
=====
Leaving all decisions to the educators
=====
Collaborating with educators and caregivers
=====
Not involved in the education process

++++

Which of the following is an example of a play-based learning activity in early childhood education?
=====
Memorizing multiplication tables
=====
Writing essays
=====
Building with blocks
=====
Solving algebra problems

++++

How does early childhood education impact a child's cognitive development?
=====
It has no impact on cognitive development
=====
It solely focuses on physical development
=====
It enhances problem-solving and critical thinking skills
=====

It increases aggression in children

++++

In the U.S., what is the primary reason for the expansion of early childhood education programs?
--

=====

To reduce the cost of education for parents

=====

To prepare children for future careers
--

=====

To improve school readiness and close achievement gaps
--

=====

To decrease teacher salaries

++++

What is the name of the landmark study that highlighted the long-term benefits of high-quality early childhood education?

=====

No Child Left Behind

=====

Brown v. Board of Education

=====

The Perry Preschool Study

=====

The SAT Exam

++++

What is the main goal of the Head Start program in the U.S.?
--

=====

Providing health insurance to children
--

=====

Reducing the federal budget deficit

=====

Promoting social and emotional development
--

=====

Preparing children for college

++++

Which type of early childhood education program typically receives the most government funding?

=====

Private daycare centers

=====

Home-based childcare

=====

Public preschool programs

=====

Online education platforms

++++

What is a common challenge in early childhood education that may affect children's development?

=====

Lack of standardized testing

=====

High teacher-to-student ratio

=====
Overemphasis on academic achievement
=====
Limited access to technology

++++

What is the primary role of early childhood educators in the U.S.?
=====
Preparing children for standardized testing
=====
Focusing solely on academic instruction
=====
Providing a safe and nurturing environment for learning
=====
Enforcing strict discipline

++++

Which of the following factors can impact the quality of early childhood education?
=====
All programs being identical
=====
Lack of parent involvement
=====
High teacher turnover
=====
Minimal curriculum diversity

++++

How does early childhood education contribute to social development?
=====
By promoting isolation and individuality
=====
By focusing exclusively on academics
=====
By fostering collaboration and social skills
=====
By discouraging group activities

++++

What is the primary source of funding for early childhood education programs at the state level?
=====
Federal government
=====
Private donations
=====
Local property taxes
=====
Student tuition fees

++++

How can early childhood education help address achievement gaps in the U.S.?
=====
By ignoring the concept of achievement gaps

=====
By providing equal resources to all schools
=====
By offering targeted support to disadvantaged children
=====
By increasing standardized testing requirements

+++++

What is the main difference between a Montessori and a traditional preschool program?
=====
Montessori focuses exclusively on academics
=====
Traditional programs are less expensive
=====
Montessori uses a child-centered, hands-on approach
=====
Traditional programs have shorter school days

+++++

How does early childhood education impact a child's language development?
=====
It has no effect on language skills
=====
It encourages silent activities
=====
It enhances vocabulary and communication skills
=====
It primarily focuses on mathematical skills

+++++

What is the role of assessment in early childhood education?
=====
To label children with developmental delays
=====
To assign grades and rankings
=====
To track children's progress and inform instruction
=====
To pressure children to achieve high test scores

+++++

Which federal law has had a significant impact on early childhood education for children with disabilities in the U.S.?
=====
No federal law addresses this issue
=====
Affordable Care Act
=====
Individuals with Disabilities Education Act (IDEA)
=====
Race to the Top

+++++

What is the primary focus of early childhood education curriculum in the U.S.?
=====
Memorization of facts and figures
=====
Teaching only basic life skills
=====
Holistic child development
=====
Promoting competition among children

++++

What is the purpose of early childhood education research in the U.S.?
=====
To support the interests of politicians
=====
To validate preconceived notions about education
=====
To inform and improve educational practices
=====
To promote a one-size-fits-all approach

++++

What is the impact of high-quality early childhood education on future academic success?
=====
No impact on future success
=====
It guarantees success without effort
=====
It improves academic readiness and achievement
=====
It only benefits children from wealthy families

++++

Which of the following is an example of a positive outcome of early childhood education in the U.S.?
=====
Widening achievement gaps
=====
Decreased teacher salaries
=====
Improved school readiness and success
=====
Reduced access to education for low-income families

++++

What is the purpose of screening assessments in early childhood education?
=====
To assign grades to young children
=====
To prepare children for standardized tests
=====
To identify children with special needs
=====
To discourage participation in early education

++++

How does early childhood education support working parents in the U.S.?
=====
By offering extended summer vacations
=====
By providing free childcare services
=====
By offering after-school programs
=====
By creating a structured daily routine for children

++++

What is the significance of parental involvement in early childhood education?
=====
It is irrelevant to a child's development
=====
It can be detrimental to a child's development
=====
It enhances communication and a child's success in school
=====
It only benefits teachers, not children

++++

How does early childhood education contribute to emotional development?
=====
By isolating children from social interactions
=====
By promoting aggression and competition
=====
By providing a supportive and nurturing environment
=====
By focusing solely on academic achievement

++++

Which factor is most important for the success of early childhood education programs in the U.S.?
=====
High teacher salaries
=====
Ample standardized testing
=====
A developmentally appropriate curriculum
=====
Minimal parental involvement

++++

What is the role of the federal government in regulating early childhood education programs in the U.S.?
=====
The federal government sets curriculum standards
=====
The federal government has no involvement in early education
=====

The federal government provides funding and guidelines
=====
The federal government manages all preschools directly

++++

Which type of early childhood program focuses on play and socialization in a home-like setting?
=====
Traditional public preschool
=====
Online education platform
=====
Montessori program
=====
Charter school

++++

What is the primary focus of early childhood education assessment in the U.S.?
=====
Labeling children as failures
=====
Assigning competitive grades to young children
=====
Identifying areas of growth and development
=====
Ignoring assessment altogether

++++

What is the impact of high-quality early childhood education on crime rates in the U.S.?
=====
It has no impact on crime rates
=====
It increases crime rates
=====
It decreases crime rates in the long term
=====
It only impacts white-collar crime

++++

How does early childhood education contribute to physical development?
=====
By promoting a sedentary lifestyle
=====
By offering structured physical education classes
=====
By providing opportunities for gross and fine motor skills development
=====
By emphasizing academic skills over physical activity

++++

Which government agency is responsible for overseeing the Head Start program?
=====
Department of Defense
=====

Department of Agriculture
=====
Department of Education
=====
Department of Transportation

++++

What is the primary purpose of early childhood education for children with special needs in the U.S.?
=====
To segregate them from other children
=====
To label them as incapable of learning
=====
To provide appropriate support and inclusion
=====
To prevent their participation in education

++++

What is the primary role of teachers in the Head Start program?
=====
To promote unhealthy eating habits
=====
To encourage isolation and competition
=====
To provide social and emotional support
=====
To prepare children for standardized testing

++++

How do early childhood education programs adapt to the diverse needs of students in the U.S.?
=====
By implementing a one-size-fits-all approach
=====
By offering specialized programs for every child
=====
By providing individualized support and accommodations
=====
By excluding children with diverse needs

++++

What is the primary goal of early childhood education in the U.S. for the future?
=====
To focus exclusively on academic achievement
=====
To maintain the status quo
=====
To expand access and improve quality for all children
=====
To limit early education to affluent families

++++

What does "curriculum" refer to in elementary education?
=====

A single textbook
=====
A teacher's lesson plan
=====
The subjects and content taught
=====
A school's physical layout

++++

Which of the following is NOT a typical subject in an elementary school curriculum?
=====
Science
=====
Music
=====
Taxation
=====
Mathematics

++++

What is the primary purpose of curriculum mapping?
=====
Creating detailed lesson plans
=====
Designing classroom layouts
=====
Identifying gaps in the curriculum
=====
Assessing student behavior

++++

In elementary education, "Differentiated Instruction" means:
=====
Teaching different subjects each day
=====
Using only textbooks for instruction
=====
Customizing teaching methods for diverse learners
=====
Teaching one-size-fits-all lessons

++++

Which of the following is a student-centered teaching approach?
=====
Lecture-based instruction
=====
Rote memorization
=====
Project-based learning
=====
Teacher-centered learning

++++

What is the goal of formative assessment in elementary education?
=====
Assign final grades

=====
Determine eligibility for graduation
=====
Measure student progress during learning
=====
Assess teachers' performance
+++++
Which of these is an example of a summative assessment in elementary education?
=====
Pop quiz
=====
Homework assignment
=====
Final exam
=====
Group discussion
+++++
What is the primary purpose of rubrics in assessment?
=====
To grade assignments subjectively
=====
To evaluate teachers' performance
=====
To provide detailed feedback to students
=====
To save time in grading
+++++
Which teaching method encourages students to learn through hands-on experiences?
=====
Expository teaching
=====
Drill and practice
=====
Inquiry-based learning
=====
Lecture-style instruction
+++++
What is the "Zone of Proximal Development" in elementary education?
=====
A restricted area in schools
=====
The stage when students are most advanced
=====
The range of tasks students can do with help
=====
The maximum grade point average achievable
+++++
In elementary education, what does "Scaffolding" mean for students?
=====
Building physical structures
=====

Teaching while standing on a ladder
=====
Providing temporary support to aid learning
=====
Providing equal support to all students
+++++
What does the acronym “STEM” stand for in the context of elementary education?
=====
Standardized Testing for Elementary Mastery
=====
Social Studies, Theater, English, Math
=====
Science, Technology, Engineering, Mathematics
=====
Student Talent Enhancement Measures
+++++
What is “Project-Based Learning” (PBL) in elementary education?
=====
Traditional testing
=====
Group discussions
=====
A method of teaching that emphasizes hands-on projects
=====
Group discussions
+++++
In the context of curriculum design, what is “Backward Design”?
=====
Planning lessons in reverse order
=====
Teaching without any prior preparation
=====
Starting with learning goals and working backward to create lessons
=====
Designing lessons from left to right
+++++
Which of the following is an example of a formative assessment tool?
=====
Final exam
=====
Graduation ceremony
=====
Peer review
=====
Multiple-choice test
+++++
What is the purpose of “Differentiated Instruction” in elementary education?
=====
To teach the same way to all students
=====
To focus on one subject exclusively
=====

To address the diverse learning needs of students
=====
To exclude certain students from learning
+++++
Which of the following is a type of authentic assessment?
=====
Standardized test
=====
Multiple-choice quiz
=====
#. Student presentation
=====
True-false questions
+++++
What is the primary focus of a constructivist teaching approach?
=====
Memorization of facts
=====
Teacher-centered instruction
=====
Active student engagement and learning
=====
Rigid adherence to textbooks
+++++
In the context of assessment, what is “self-assessment” for elementary students?
=====
Teachers assessing themselves
=====
Parents evaluating student performance
=====
Students grading their own assignments
=====
External examiners evaluating students
+++++
What is “Inquiry-Based Learning” in elementary education?
=====
Teacher-centered instruction
=====
Rote memorization
=====
Encouraging students to ask questions and investigate topics
=====
Lecture-style teaching
+++++
Which of the following is NOT an essential element of effective elementary education curriculum?
=====
Hands-on learning experiences
=====
Differentiated instruction
=====
Uniform teaching methods for all students
=====
Alignment with learning standards

++++

What does "IEP" stand for in the context of elementary education?

=====

Independent Educational Program

=====

Integrated Exam Preparation

=====

Individualized Education Plan

=====

Inclusive Elementary Practice

++++

Which assessment method primarily measures a student's prior knowledge and skills?

=====

Formative assessment

=====

Authentic assessment

=====

Summative assessment

=====

Self-assessment

++++

What is the primary purpose of curriculum alignment in elementary education?

=====

Creating a chaotic learning environment

=====

Encouraging one-size-fits-all instruction

=====

Ensuring that curriculum, instruction, and assessment are in harmony

=====

Promoting a rigid curriculum

++++

What is the role of "Authentic Assessment" in elementary education?

=====

To test students on arbitrary information

=====

To standardize assessment across all schools

=====

To measure real-world skills and knowledge

=====

To focus solely on memorization

++++

What is "Flipped Classroom" in elementary education?

=====

A classroom without teachers

=====

A class that never meets in person

=====

Students learning content at home and applying it in class

=====

A classroom with no technology

++++

In elementary education, what does "Bloom's Taxonomy" describe?

=====
A classification of plants in a school garden
=====
A system for organizing textbooks
=====
A hierarchy of cognitive skills from lower to higher order
=====
A taxonomic system for naming insects
+++++
What is the primary purpose of a “Formative Assessment” in elementary education?
=====
To assign final grades
=====
To determine eligibility for graduation
=====
To measure student progress and provide feedback
=====
To assess teachers’ performance
+++++
What is the role of “Cooperative Learning” in elementary education?
=====
Isolating students from one another
=====
Encouraging competition among students
=====
Fostering teamwork and collaboration among students
=====
Teaching only individual tasks
+++++
In elementary education, what does “Standardized Testing” assess?
=====
Students’ physical fitness
=====
Students’ artistic abilities
=====
Learning outcomes against a set of criteria
=====
Students’ social skills
+++++
What is the primary purpose of “Rubrics” in assessment?
=====
To grade assignments subjectively
=====
To evaluate teachers’ performance
=====
To provide detailed feedback to students
=====
To save time in grading
+++++
What is the purpose of “Universal Design for Learning” (UDL) in elementary education?
=====
Teaching all students the same way
=====

Promoting a one-size-fits-all approach
=====
Customizing learning for individual students
=====
Ignoring the needs of diverse learners
+++++
What is “Problem-Based Learning” (PBL) in elementary education?
=====
Solving mathematical problems only
=====
Avoiding problem-solving in the curriculum
=====
Using problems as the starting point for learning
=====
Memorizing facts and figures
+++++
What is “Inclusion” in the context of elementary education?
=====
Excluding students with disabilities from classrooms
=====
Creating separate classrooms for different ability levels
=====
Educating students with and without disabilities in the same classroom
=====
Only teaching students from a specific background
+++++
Which of the following is a key aspect of “Culturally Responsive Teaching”?
=====
Ignoring students’ cultural backgrounds
=====
Teaching only one culture’s history and traditions
=====
Recognizing and valuing students’ diverse cultural backgrounds
=====
Teaching without considering students’ backgrounds
+++++
What is “Active Learning” in elementary education?
=====
Passive observation of the teacher
=====
Memorizing information without understanding
=====
Engaging students in meaningful, hands-on activities
=====
Learning while asleep
+++++
What is the primary purpose of a “Parent-Teacher Conference” in elementary education?
=====
Allowing parents to teach in the classroom
=====
Providing a platform for student debates
=====
Discussing students’ progress and any concerns with parents

=====
Sharing teacher complaints about students
+++++
What does “Technology Integration” in elementary education refer to?
=====
Avoiding the use of technology in the classroom
=====
Using technology to replace teachers
=====
Incorporating technology tools and resources into teaching and learning
=====
Teaching technology as a separate subject
+++++
What does “IEEP” stand for in the context of elementary education?
=====
Integrated Educational Enhancement Program
=====
International Elementary Education Policy
=====
Individualized Elementary Education Plan
=====
Inclusive Elementary Education Practice
+++++
In the context of elementary education, what is the primary role of a “Curriculum Coordinator”?
=====
Teaching all subjects in the curriculum
=====
Managing school finances
=====
Developing curriculum materials
=====
Organizing school events
+++++
What is the primary purpose of secondary education in the United States?
=====
Fostering social development
=====
Promoting athletic excellence
=====
Preparing students for the workforce
=====
Enhancing artistic creativity
+++++
Which government entity is responsible for setting educational standards at the federal level in the United States?
=====
State governments
=====
Local school boards
=====

Department of Education
=====
Congress

++++

In the United States, secondary education typically covers which grade levels?
=====
K-5
=====
9-12
=====
6-12
=====
1-5

++++

What is the term for the curriculum designed to provide students with a broad educational foundation in secondary education?
=====
Elective curriculum
=====
Extracurricular curriculum
=====
Core curriculum
=====
Vocational curriculum

++++

Which of the following is a challenge facing secondary education in the United States?
=====
Limited access to technology
=====
Decreased parental involvement
=====
High student-to-teacher ratios
=====
Uniform curriculum nationwide

++++

In the American education system, what is the purpose of standardized testing?
=====
Assessing students' creativity
=====
Evaluating teachers' performance
=====
Measuring students' academic achievement
=====
Encouraging student collaboration

++++

Which of the following is a component of the No Child Left Behind Act?
=====

Increased federal funding for schools
=====
Emphasis on local control of education
=====
Standardized testing requirements
=====
Abolishing the Department of Education

++++

What is a common approach to funding public secondary education in the United States?
=====
Private donations
=====
Federal income taxes
=====
Local property taxes
=====
State sales taxes

++++

In the American education system, what is the purpose of Advanced Placement (AP) courses?
=====
Remedial education
=====
Career preparation
=====
College-level coursework in high school
=====
Sports training

++++

Which of the following educational programs aims to address the achievement gap in American secondary education?
=====
Gifted and Talented programs
=====
English as a Second Language (ESL)
=====
Title I
=====
Head Start

++++

What is the primary source of funding for most public secondary schools in the United States?
=====
Local property taxes
=====
Federal government
=====
State government
=====
Private donations

++++

Which federal law protects the rights of students with disabilities and ensures equal access to education?

=====

No Child Left Behind Act

=====

Elementary and Secondary Education Act (ESEA)

=====

Individuals with Disabilities Education Act (IDEA)

=====

Race to the Top Initiative

++++

What is the purpose of vocational education programs in secondary schools?

=====

Preparing students for college

=====

Promoting physical fitness

=====

Providing specialized job training

=====

Encouraging artistic creativity

++++

Which of the following is a key feature of charter schools in the United States?

=====

Strict government regulation

=====

High tuition fees

=====

Public funding and autonomy

=====

Exclusively online instruction

++++

What does the term "Common Core" refer to in American education?

=====

A set of national standardized tests

=====

A federal law on school funding

=====

A set of educational standards in math and English

=====

A program for teacher certification

++++

Which of the following is an ongoing challenge in American education, especially in urban areas?

=====

High student achievement

=====

Low dropout rates

=====

School segregation

=====
Equal access to technology

++++

What is the purpose of the Every Student Succeeds Act (ESSA)?
=====
Expanding funding for charter schools
=====
Promoting standardized testing
=====
Replacing No Child Left Behind and giving states more control
=====
Providing more federal oversight of education

++++

Which demographic group is most likely to face disparities in educational opportunities and outcomes in the United States?
=====
White students
=====
Asian students
=====
African American students
=====
Hispanic students

++++

What is a key goal of bilingual education programs in the United States?
=====
Promoting English-only instruction
=====
Exclusively teaching foreign languages
=====
Maintaining native language proficiency while learning English
=====
Reducing the use of native languages

++++

Which federal program provides free or reduced-price lunches to eligible students in American secondary schools?
=====
Head Start
=====
Race to the Top
=====
National School Lunch Program
=====
No Child Left Behind

++++

What is the role of the school principal in the American education system?
=====
Teaching all classes
=====
Managing school finances
=====

Administering the school and staff
=====
Providing custodial services
+++++
What does the term "school choice" refer to in American education?
=====
The ability to choose which grade to attend
=====
The practice of assigning students to schools based on their address
=====
The option for parents to select a school, often through vouchers or charter schools
=====
The mandatory enrollment in public schools
+++++
Which of the following is a notable feature of the Montessori education approach in the United States?
=====
Traditional teacher-led instruction
=====
A focus on competitive exams
=====
Child-centered and hands-on learning
=====
Strict discipline and uniform dress code
+++++
What is the primary role of the federal government in American education?
=====
Directly funding all public schools
=====
Setting curriculum standards for all states
=====
Providing financial assistance and oversight
=====
Managing teacher certification
+++++
What is the purpose of the Advanced Placement (AP) exams in American secondary education?
=====
Assessing students' physical fitness
=====
Preparing students for careers in the arts
=====
Allowing students to earn college credit
=====
Fostering social development
+++++
Which organization sets the SAT and ACT standardized tests used for college admissions in the United States?
=====
American Educational Testing Service
=====
Department of Education
=====
College Board

=====
State governments
+++++
What is the primary source of funding for private schools in the United States?
=====
State government
=====
Federal government
=====
Tuition and private donations
=====
Local property taxes
+++++
Which legislation mandates that public schools provide students with disabilities access to a free and appropriate public education (FAPE)?
=====
No Child Left Behind Act
=====
Elementary and Secondary Education Act (ESEA)
=====
Individuals with Disabilities Education Act (IDEA)
=====
Race to the Top Initiative
+++++
What is the primary function of the school board in a local school district?
=====
Directly managing the school's daily operations
=====
Setting educational standards for the district
=====
Overseeing the district's budget and policies
=====
Conducting teacher evaluations
+++++
What is a significant challenge in American education associated with the digital divide?
=====
High teacher salaries
=====
Low student achievement
=====
Equal access to technology and the internet
=====
Abundant school funding
+++++
What is the primary purpose of American education?
=====
Promoting cultural awareness
=====
Fostering social skills
=====
Preparing students for a career

=====
All of the above

++++

Which level of education in the United States typically covers students aged 5-18?
=====
Middle school
=====
High school
=====
#) Elementary school
=====
College

++++

Which federal law mandates that public schools provide equal educational opportunities regardless of race or national origin?
=====
No Child Left Behind Act
=====
Title IX
=====
Which federal law mandates that public schools provide equal educational opportunities regardless of race or national origin?
=====
Every Student Succeeds Act

++++

In the United States, what is the standard duration of a K-12 education?
=====
10 years
=====
14 years
=====
12 years
=====
16 years
